

Document Analysis

✂ Using the six documents (any other information/articles you find) at your table complete the analysis sheet and write a brief FRQ over the following question...

✂ *How has the phrase “We the people...” become more inclusive over time? Cite specific examples from the documents.*

- *What does this phrase mean to you as an individual in a democratic society?*
- *Which groups of people are left out of “we the people”?*
- *What should the government do about this?*
